Stuttgart/Germany, 25.05.2014 – ebp-consulting received the award “Best Consultants 2014“

In May 2014, the German business magazine “brand eins” has set ebp –consulting on top of the list of the best German consulting companies in the categories of Supply Chain Management and Operations Management. According to the latest industry report, “Unternehmensberater”, ebp-consulting is – with its above average customer reviews and the recommendations made by other companies – in the TOP 10 of more than 15,000 listed consulting companies in Germany.

The ranking is the result of a survey that the magazine performed together with “Statista”, the world’s largest online statistic portal. For this purpose, around 1,500 company executives were asked about their experiences with consultants for selected industries and functional areas. Moreover, nearly 1,400 partners and project managers of consulting firms made recommendations.
